

EACH YEAR, JED'S WINEMAKING TEAM TRAVEL TO THE UCO VALLEY IN ARGENTINA TO CRAFT WINES THAT EXPRESS THE UNIQUE CHARACTERS OF THIS ACCLAIMED REGION.

With combined winemaking experience in Australia, France and North and South America, Jed's three young Australian winemakers have travelled the world's wine regions in search of ideal vineyard sites.

This search led the trio to the Uco Valley in Mendoza (Argentina), one of the world's true frontier wine regions.

Mendoza has an extraordinary 450 year winemaking history, however, only in the last 10 years has the Uco Valley emerged as one of the world's most exciting wine producers.

Situated in the foothills of the Andes at 1200 meters above sea level, the pristine environment of the Uco Valley yields elegant wines with unrivaled purity.

● JED BLANC DE BLANCS NV

Made with Chardonnay (65%) and Chenin Blanc (35%). The Chardonnay provides fresh apple aromas and crisp natural acidity, while the Chenin Blanc contributes delicate floral notes to the nose and texture to the palate. The two varieties integrate seamlessly, creating a beautifully balanced wine with subtle complexity.

● JED SAUVIGNON BLANC

Sancerre' inspired with delicate layers of pineapple, pink grapefruit and lime. A light, fresh style with subtle lees characters and touch of oak. The fruit from this cool climate, high altitude environment requires no acid additions, delivering a wine with outstanding balance and natural acidity.

● JED PINOT GRIGIO

Cool climate in style, this wine displays vibrant flavours of stone-fruit and honey. The high altitude of the Uco Valley supports a great balance between fruit weight and mineral acidity. A lean style of Pinot Grigio with an exceptionally clean finish.

● JED MALBEC

Distinctive Argentine flavours of cherry, violets and subtle spice. A traditional style Mendoza Malbec, medium bodied with restrained oak. Phenolic ripeness is assisted by a long growing period and intense UV light, yielding incredibly fine and soft tannins.

● JED LIMITED RELEASE MALBEC

Intense spice aromas and concentrated dark fruit flavours reveal the depth of this renowned grape variety from the Uco Valley region. The oak is restrained and well integrated, revealing a fine tannin structure with a long, generous finish.

● JED LIMITED RELEASE CABERNET FRANC

Produced in tiny quantities from hand-picked, low yielding vines, this elegant wine displays intense layers of perfume, mint and spice. The palate is balanced with exceptional fruit weight, restrained oak and soft, talc-like tannins.
